

Explore the world: Create a jigsaw out of the countries of Europe, by cutting up a map of Europe. You will have to use careful cutting skills and you could colour each country a different colour. Find out about one of the countries of the United Kingdom and create a poster. You could include a flag, plot the capital city on a map, find out about a tradition in that country and consider famous landmarks. Draw a map of your route from home to school. You could include landmarks and geographical features, like hills or bridges, on your map.	Thatchers' Power Project Autumn Term Home is where the heart is Power Projects are an important way of extending and embedding pupils' learning. The work will not be marked, but the pupils will have the opportunity to show their learning with the whole school museum on: Tuesday 19th December 2023 If you have any thoughts or questions, please pop in and see us or email: Miss Sides sides@crockerton.wilts.sch.uk	Extend your research: In History, we will be learning about the village of Imber. Find out five fascinating facts about Imber. St Giles Church in Imber is holding services on Sunday 11th November and Saturday 16th December. Attend a service and take photos of the village of Imber. Write a caption to go with each picture. The Christmas Day Truce is believed to have happened on the first Christmas Day of World War 1. Can you find out about some of the events of that day and create a comic strip, showing what happened.
Explore your creativity: Write a War poem or prayer for Remembrance Day. There are some photos that could inspire writing here: http://ww1lit.nsms.ox.ac.uk/ww1lit/education/teachers/ks1 Design and create your own shelter, where you feel that you belong. You could create a space in your house and take a photograph or make a shoebox model of what your shelter would look like. Draw a diagram and label the things you would include. If you really want to extend your writing, use conjunctions like 'because' to explain why you have included certain features. Sit in your garden and draw what you can see, then paint it using colours that represent your feelings, rather than the colours you can see. Mix colours to get the right tone.	Values Friendship and Compassion: Write a letter to a friend or family member that you haven't seen in a while. Include something that would cheer them up. Find out about a charity working in Warminster and create an advert to advertise what the charity does and how people can contribute to it. You could film your advert or make it as a poster.	Science and Technology: Design and create an animal. Think about what the animal would eat, what kind of animal it is (reptile, mammal etc.) and its body parts. Take a picture of a tree in your garden or nearby. Is it an evergreen or a deciduous tree? How does it change each week of our term? Make a Weather Vane or/and a Rain Gauge and record weather over a short period
