

### Explore the past:

In school we have been finding out about two amazing women who became nurses. Florence Nightingale and Mary Seacole.

Can you find out any facts about amazing people in history that you can share with us? Here are a few suggestions:

Mary Eliza Mahoney

Clara Barton

Edith Cavell

### Potters' Power Project

#### Spring Term – Who could you be?

Power Projects are an important way of extending and embedding pupils' learning and vocabulary. They also prepare children for future homework expectations. The pupils will share their learning on our 'school museum day' on

**Friday 21<sup>st</sup> March**

**No more than three pieces of work** are expected. If you have any thoughts or questions, please pop in and see me or email: Mrs. Woodley

[woodley@crockerton.wilts.sch.uk](mailto:woodley@crockerton.wilts.sch.uk)

### Explore your local area

- Can you find these local places and take a photo or draw a picture of these places in town?

Fire Station

Ambulance station

Hospital

Doctor's surgery

Dentist

Vets

Library

Food Bank

Brownies or Scout Centre

Sports Centre

**Can you make a map to locate where they are?**

### Be Creative:

Choose a job/profession that your child is interested in and gather facts about that job. These can be written on cards or on a sheet to be read out to class. To accompany this, find a teddy or toy figure that can be dressed in the clothes of that particular role, for example a firefighter teddy or a nurse doll. Does the role require any specific equipment?

### Values – Respect and Perseverance

- Make a medal for our amazing emergency workers, including the word 'Respect'.

- Paint or draw a picture of something you have really had to persevere at to improve!
- Bring in any certificates or badges from swimming etc.

### STEM Challenges:

Use reclaimed materials to create a model of a fire engine.
