

Explore your creativity:

- Design and make your own model of the water cycle.
- Create a 3D model of a famous world river labelled with the countries it runs through.
- Create an observational drawing or painting of a local river.
- Create a collage of a famous or local river.

Maths: Revise all of your times tables daily.

Y5 – Revise time and 24 hour clock, can you make a time quiz?

Y6 - Revise fractions, ratio, converting measurements and long division. Can you come up with a problem-solving quiz for the class to complete?

English:

Write a river diary based on visits to a river near you.

Write a story set around or in a river.

Create an information leaflet about protecting the environment, specifically on rivers and water.

Foresters' Power Project Term 5 - Wild Waters

If you have any thoughts or questions about this, please pop in and see me or email:

Miss Hedley at hedley@crockerton.wilts.sch.uk

Please bring your work into school on Friday 26th May for show and tell.

Values:

This term we are looking at; British Values. Choose at least one of the below from the 4 fundamental British Values:

Democracy: create a manifesto for the class highlighting ways to support a charity of your choice. The class will vote for the best one and we can carry this out!

Rule of Law: Find out who decides the laws of the UK, create a PowerPoint as to whom are responsible and in which departments.

Freedom of liberty: Write a poem based on your own beliefs and why they are important.

Mutual respect: Create an artwork celebrating the different cultures in Britain.

Historical and Geographical skills:

- Research a river that is local to you. If you are able to, visit it and take lots of photos.
- Draw and label the key parts of a river.
- Find out where in the world has the longest river. Where does it start? Where does it finish? Which countries does it run through?
- Find out how rivers are changing over time and what are the human and physical factors that are causing the change.
- Create a presentation based on a river that fascinates you. Research the river's history and geography.

Extend your research:

Research artist Claude Monet and his range of amazing waterlilies, river and seascape paintings. Have a go at re-creating one. Perhaps you could research some information about the artist too.
